

MUSKAN FOUNDATION FOR PEOPLE WITH MULTIPLE DISABILITIES

MONTHLY NEWSLETTER

September 2021 Edition

Our Vision

Children with MDVI participate and are recognized in their families and communities, and realize their own unique abilities in life.

Our Mission

Muskan maximizes the potential of MDVI children, by providing customized, low cost therapies and special education under one roof; and by empowering parents with the knowledge, skills and confidence to support their child's unique needs and development.

NEWS & UPDATE

Teacher's Day Celebrations

Teacher's Day was celebrated at Muskan with the students expressing their love & gratitude to their teachers through hand-made cards.

It takes someone special, to teach someone special!!

Students role-played as teachers & gained practical experience through the activity. This helped boost their self-confidence and self-esteem and also enhanced peer interaction. The influence of teachers extends beyond the classroom, well into the future!!

The day was dedicated to all the special educators of Muskan Foundation.

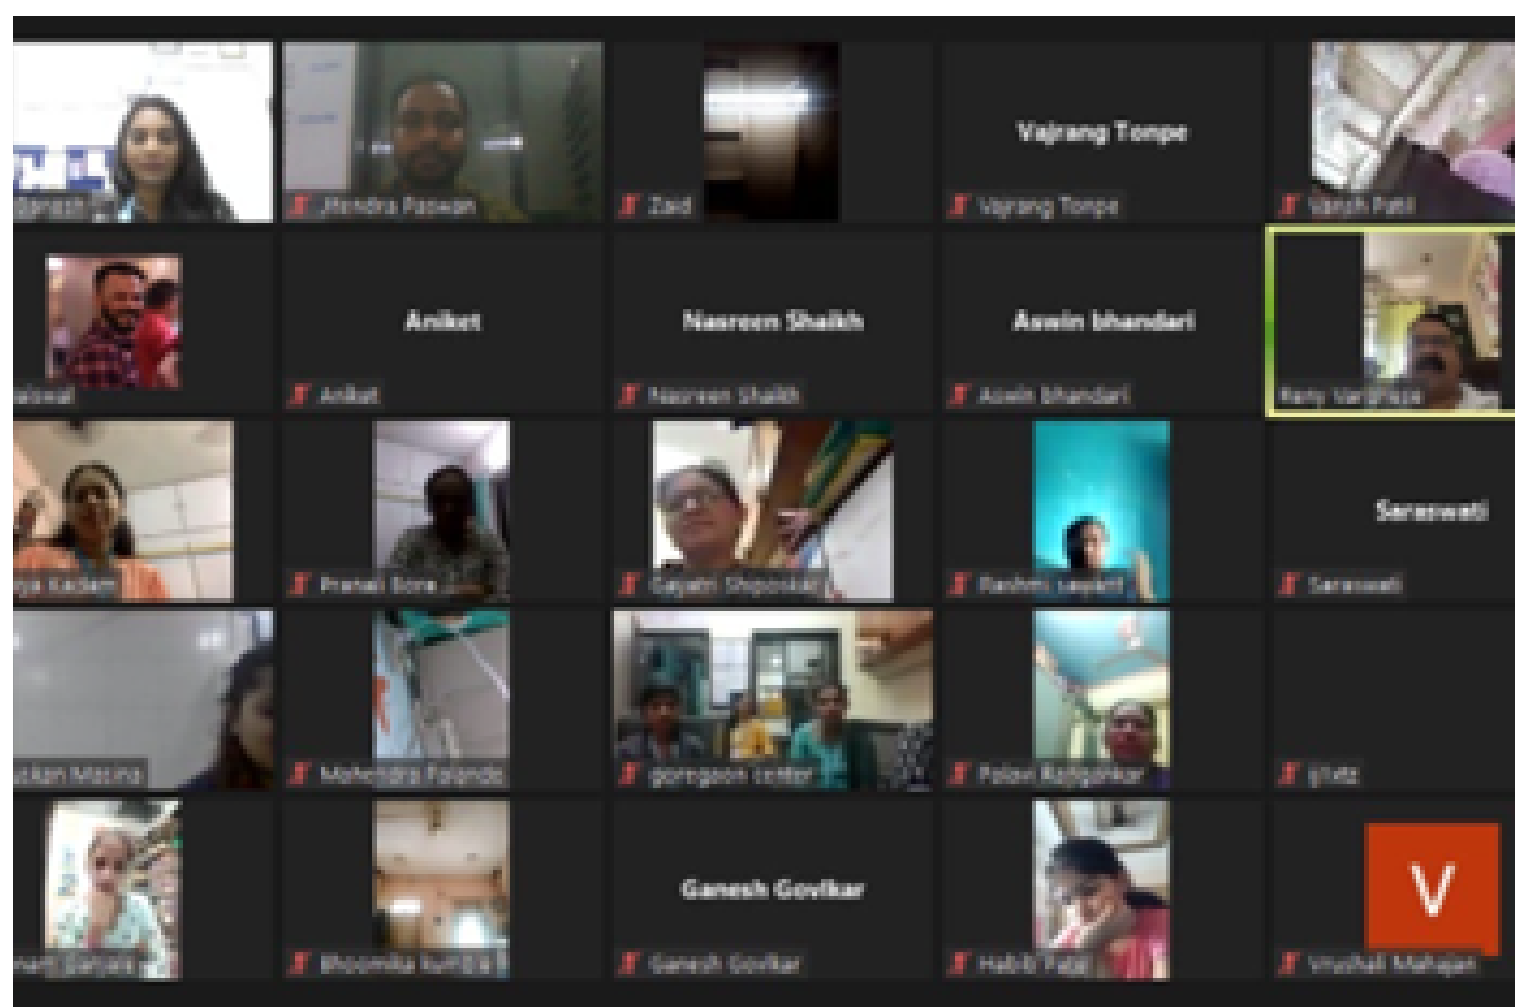

Ganesh Chaturthi Celebrations

Ganesh Chartuthi was celebrated with the Sthapana of Ganesh murti at all our centers. Festivals are celebrated so that children understand our culture. There is sensory training and understanding of concepts like colour, size, body parts etc. They learnt about various attires and social etiquettes. The festival was celebrated with divine love, happiness & positivity. The involvement of parents was overwhelming. The children were dressed in colourful Indian attire in accordance with the festive theme.

Skill based Workshop on 'Gardening Tips'

The primary thoughts and discussions of parents are focused on their child with special needs. Muskan Association for Parents & Professionals (MAPP) provided an interactive & informative skill based workshop on 'Gardening tips in a small space'. It was an interactive platform to all the parents to share & discuss on a topic beyond their child, thus giving importance and shifting the parent's focus on themselves and their passion. The session was conducted by Mr. Reny Varghese, Healthcare Management Professional actively involved in farming and creating vegetable patches on building terraces and in pots. We reached out to 82 parents of Muskan through this workshop.

39% of the children with disabilities aged 5-19 years never attend any form of educational institution in India.

You can start with supporting Special Education of 1 child with disabilities for 1 month with Rs. 8000

HELP US CHANGE A STORY

Muskan means a smile. When the pandemic struck, we were missing these wonderful smiles. In no time we started our programs online. We were wondering if we could have our younger children, participate due to their short attention span. As time passed, our resourceful teachers learnt to engage our Mother toddlers too. We have now started working offline.

We are proud to announce that all at Muskan are 100% vaccinated. Safety of all is our primary objective.

The heart – warming smiles, the “MUSKAN’S” were back and continue to spread.
